Our Locations

At Fieldprint®, a positive applicant experience is our top priority. We offer the largest network of Livescan fingerprint collection sites, so there's always a location close to you.

To ensure a comfortable experience for you, we offer only businesslike, professional locations staffed by individuals highly trained in both fingerprint collection techniques and customer care. And, we ensure security by performing background checks on all of our staff members, and using site hardware and software that does not store any of your personal data.

Our Locations Around the Country

Fieldprint's large collection site network allows you to select a convenient location, date and time for your appointment by using this website.

If you would like to see a list of locations nearest to you, please enter your address or ZIP code below.

Please enter the address or ZIP code of your location

[Find]

If there is not a Livescan location close to you, we can direct you to the closest non-Livescan location to be fingerprinted.

With locations in all 50 states and the District of Columbia, simply click "Schedule an Appointment" to find a location near you!
